ROOM MEASURING SERVICE

OPTION 1:

We will gladly come to your home and measure your bedroom. We will note location of doors, closets, windows and heating / air conditioning. While we are there, we will discuss possible room layouts with you.

We then take our field measurements back to the office and re-draw the room in scale. When you return to talk further about the project, we will have a completed scaled drawing of your room.

For this service, we require a non-refundable deposit of \$250, which will be applied to your furniture purchase. This service also eliminates the possibility of items not fitting in the room or up the stairs.

★ For additional rooms requiring measuring, please add \$250 for each room ★

OPTION 2:

Just bring your own measurements into the store, and if we feel necessary, will re-draw the room in scale so we have a good working floor plan of the room. There is no charge for this service. However, you will be responsible for items not fitting up the stairs or in the room.
